## Sierra Expeditionary Learning School - Work Plan

## 2014-2015

Goal: All SELS students will either demonstrate math proficiency or show marked improvement towards proficiency as measured by CCSS.
Type of goal: Student Achievement
Rationale: SELS is changing its math program to incorporate the CCSS. Earlier years' math assessments show gaps between learners within the student population. With effective CCSS models for math instruction, SELS teachers intend to shorten that gap.
Alignment with EL Core Practices: Core Practice 15 A (Conceptual Understanding), B (Foundational Math Facts), C (Problem-Solving Skills), D (Creating a Culture of Numeracy and Mathematical Thinking), and E (Assessing Math), Core Practice 23B (Using Data)

| Faculty Learning Targets | Structures and Leadership Actions | EL Support and Services | Data Points/Evidence for Monitoring Progress |
| :---: | :---: | :---: | :---: |
| 1. Teachers can craft learning targets requiring learners to practice the overarching habits of mind of productive mathematical thinkers. <br> 2. Teachers can facilitate a variety of opportunities, including opportunities within expeditions, for students to reason and abstractly and quantitatively, and construct viable arguments and critique the reasoning of others. <br> 3. Teachers can model with mathematics and strategically provide the appropriate tools. | Off-site PD for new math programs in Middle School to anchor the instruction across the school. (CPM in early August 2014) <br> Director and/or IG will structure math push in/pull out support. <br> Monthly PLC meetings to evaluate math assessment and determine the math concept support needed for the math support cycle. <br> Director, IG, and/or SD will do learning walk and observations. | SD will support the consistent implementation of Habits of Work (related to math) with regard to teacher tracking and student tracking of progress. <br> SD trains and facilitates the use of the Looking at Student Work Protocol <br> SD PD on math protocols. <br> SD will help find longitudinal assessments (common assessments). | Bridges pre and post assessments for elementary grades. (fall and spring) <br> CPM pre and post assessments for middle school (fall and spring) <br> UCD Algebra readiness assessment for the middle school. <br> Teachers will use chapter assessments to inform instruction. The assessments will also be used to form student groupings for math RTI. |

## Sierra Expeditionary Learning School - Work Plan

2014-2015

## Goal: SELS will strengthen school-wide structures for teacher support.

Type of goal: School Conditions
Rationale: Student achievement is nurtured through systematically developing quality teachers. SELS staff will work together to regularly participate in and support professional growth through feedback, and the use of data to inform coaching coversations.
Alignment with EL Core Practices: CP 35 B (Building a professional Culture of Learning), Core Practice 36 E (Providing Frequent
Descriptive Feedback), F (Coaching Teachers), and G (Using Data to Inform Coaching Supervision).

| Faculty Learning Targets | Structures and Leadership <br> Actions | EL Support and Services | Data Points/Evidence for <br> Monitoring Progress |
| :--- | :--- | :--- | :--- |
| Leadership Targets: <br> 1. I can offer descriptive feedback <br> to teachers monthly and <br> participate in a debrief discussion <br> during the teacher's prep. | Director and/or IG will <br> determine a schedule for <br> walkthroughs and debriefs with <br> all teachers. | SD will participate in <br> walkthroughs and coaching <br> conversations when on site. | Leadership Targets: <br> Evidenced through informal <br> written notes to teachers <br> and/or copies of walkthrough <br> forms. |
| 2. I can collaborate periodically <br> with teacher teams to analyze <br> assessments and interpret data to <br> name next best instructional <br> steps. | a walkthrough form for <br> observations with a section <br> that offers coaching <br> opportunities. | SD will offer specific PD <br> identified as needed within <br> coaching situations. | Student quality work will be <br> scored using the attributes of <br> high quality student work to <br> determine the next <br> instructional steps and <br> groupings. |
| 3. I can determine the needs for <br> coaching conversations/cycles <br> within my teachers. | Leader and/or IG will schedule <br> student quality work reviews <br> within teaching teams. | Leader and/or IG will schedule <br> peer observations and provide <br> classroom coverage, if needed. |  |

| 2. I can schedule conferences with |  |  |  |
| :--- | :--- | :--- | :--- |
| leadership for data analysis |  | Teacher Targets: <br> periodically. |  |
| 3. I can request coaching |  | work reviews. <br> conversations with David or Jenn <br> to support my classroom practice. |  |
| 2. Notes on Peer observation |  |  |  |
| 4. I can prepare lessons twice |  |  |  |
| yearly that will be observed and |  |  |  |
| debriefed by an observation team |  |  |  |
| to inform my instructional |  |  |  |
| practice. |  |  |  |

## Sierra Expeditionary Learning School - EL Professional Development Plan

2014-2015
The long-term goal is to build the internal capacity of every school staff. In order to maximize your relationship with EL, we suggest that instructional leaders work alongside school designers whenever possible. Think strategically about how work with teachers or teams can impact school-wide implementation.

## Most direct service days will be scheduled in advance and may include the following:

- Leadership coaching
- Leadership team meetings
- Collecting and/or analyzing data related to the work plan goals
- Curricular planning sessions
- PD planning and/or facilitation
- Classroom observations/debrief sessions
- Supporting coaching cycles
- Support with National Conference preparation, Fund for Teachers applications, and other national activities
- Participation at institutes with staff members to provide targeted support
- Supporting the implementation of institute content in classrooms/schools

## EL Institutes (Include date, location, and \# of participants):

## Number of direct service days (as designated by MOU): 12 days

Specific check-in dates/structures during the school year to monitor the work plan goals:

## Direct service days (List dates and recurring structures):

September

October 20: Initial classroom observations, conversation about credentialing

November 20-21: Looking at Student Work Protocol (20th), meeting with teachers during prep periods, time with IG re coaching (Thurs morning)

December

## January

February 3-4 MYR, QWP (4th-teachers out at 1:00)

March 3-4 Try to make March 2nd board meeting by 7ish (implementation, credentialing), master class proposals (during prep periods), growth mindset and culture of grappling (specifically with students)

## Additional Implementation Priorities (Core Practices) not DIRECTLY supported through the work plan:

Structures to support these implementation priorities/ person responsible:

|  | April 15-16 Support for master class <br> proposals, IR (15th minimum day...out at <br> 1:00 <br> May 19-20 May 19th TEDex talk in the <br> evening, PD on Wed. afternoon (90 <br> minutes)....David will check with <br> teachers on needs, work plan and CA, <br> analyze IR | June <br> July <br> August 27, Intro '15-16 Work Plan; <br> present Credentialing Portfolio |
| :--- | :--- | :--- |
